

ATTENTION ANGLERS

Join Florida Sea Grant/ UF Extension for a FREE Seminar on the life history and research surrounding one of Florida's most popular saltwater sportfish...

Florida's Snook

Researchers from the Florida Fish and Wildlife Conservation Commission will discuss snook biology and ecology, impacts of last season's cold spell on the species, and ongoing research efforts to protect and conserve Florida's snook populations.

September 15th, 2010

6:00PM - 8:00PM

Rookery Bay Reserve Auditorium

300 Tower Rd, Naples, FL 34113

Local guide, Capt. Jesse Karen of Madsnookin Charters will also share helpful tips for catching and properly handling snook!
